

Heine file

April 1965

Three documents

to [ ] to [ ] for review.

1. HEINE biography as given by him to an Estonian emigre, Priet Parming, recorded on tape by Parming. (Does not appear to have much of interest)

2. Results of check of WAST files. This appears to be information which HEINE gave upon his release in October-November 1956, since it has a 1956 address in Dvisburg.

3. Results of check of Berlin Documents Center. Several interesting points in his SS record.

a. He is recorded in school at Bad Tolz in the "11 K.O.L." (what is that?) from 6-9-43 to 11-3-44. He stated in his deposition that he was at Bad Tolz from May 1943. However, it could be that he was first in training as a non-commissioned officer, and that this was not recorded in this document.

b. He is recorded as being in the "Polizei" from 16-7-41 to 1-3-42. He stated in his deposition that he was in the "OST Battalion" from about July 1941 to February 1942 (See pages 209-223) Was the "OST Battalion" considered to be a police unit?

c. It looks as if he is in the Waffen SS from 18-5-42. According to his testimony (pages 220 to 240) he was in the Estonian Political Police from February 1942 to August 1942.
